

Maine H1N1 Influenza (“Swine Flu”) Update

Data Summary for Friday, July 10, 2009, 5 PM

Flu info on the Internet: <http://www.maine.gov/dhhs/boh/swine-flu-2009.shtml>

62 new cases reported

*****Maine CDC has transitioned from daily to bi-weekly postings of the H1N1 Update. Because H1N1 is now widespread in the state, tests are being conducted less frequently and case counts are less meaningful than they once were. The Update will continue to include case counts and demographic data, along with a summary of activities related to H1N1 prevention and control*****

Summary Information:

- 62 new cases were reported since the last update. 12 cases were tested in Androscoggin county, 27 in Cumberland county, 8 in Kennebec county, 1 in Knox county, 1 in Lincoln county, 1 in Oxford county, 2 in Penobscot county and 10 in York county.
- A total of 8 patients have been hospitalized with H1N1 to date.
- Although case counts are reported here, it is important to note that individual case data are useful only in that they are markers of the presence of H1N1 in a given county or geographical area. Many people with H1N1 are not tested, and their illness is not reflected in the case counts. Counties or regions with no reported cases may still be affected.

Current Case counts:

Case Counts	Confirmed	Probable
Maine	113	1
Out of State	89	0

- A total of 114 Maine residents have been diagnosed with H1N1 (113 confirmed, 1 probable). In addition, 89 out of state residents were diagnosed while visiting Maine, for a total of 203 diagnoses in the state.

Lab Testing:

HETL numbers	# tests
New	55
Total	2679

Confirmed and Probable Cases by County:

County List	New Cases	Total Cases	Out of State*
Androscoggin	12	15	14
Aroostook			
Cumberland	27	44	34
Franklin			
Hancock		2	2
Kennebec	8	7	20
Knox	1	2	2
Lincoln	1	5	3
Oxford	1	1	1
Penobscot	2	5	
Piscataquis			
Sagadahoc		5	
Somerset			2
Waldo			
Washington			
York	10	28	11
Total		114	89

*Out of State patients are listed by the county in which they were tested

H1N1 Cases by County

Cumulative Summary of Confirmed and Probable H1N1 Influenza Cases, Maine 2009
